of the evening toilette. This dainty iness worries when the hat and coat are put on at the end of the day. for some time in Paris, but it has only lately been taken up by women in this The small high hat with no frame country. Made of the finest mesh, the to crush the hair is in great vogue. cap fits the head closely, and some-

at the back, the fringe of pearls resting on the hair.

Remarkably pretty hair ornamentations of the bandeau order are offered winkle blue — a triffe softer and light-in the shops in all degrees of simplic-er in tone than cornflower and prim-In connection with these bandity. In connection with these band-eaux little curls are creeping into fa-vor again, and very pretty they look peeping out from the soft encircing wather of sain or silky gauge. swathes of satin or silky gauze.

to set rolling a ball in the right di-rection. For myself I believe in hand-picked fruit. I shall saunter down to the nearest university settlement this evening and flid out what the fellows there are doing for these bubbes who are drifting into crime. I hear there is a Big Brother set of boys who are trying to save the youngsters one by one, each making himself responsible for the good conduct of somebody else There is nothing particular to prevent me from going into the Big Brother business myself. These youthful criminals need fathering and mothercan do to pay rent and get food for their offspring. Odd that I never thought about it before, but then I've never had time. When the day comes monds; six ounces When children go wrong by whole-sale, the community is to blame. — Cousin Cephas in Woman's Home

In using the telephone, some of us Raspberry Carameis.

Put one pound of loaf sugar into a successive does not vex her a particle. What does annoy her is the singular state of mind which leads the unseen person at the other end of the wire to treat her uncivilly, to call her stupid, to threaten her with complaints to the management, because she cannot always and instantly make the desired connection for the party of the second part. To be rude to "Central" move from fire, and when cool, stir in second part. To be rude to "Central" move from fire, and when cool, stir in second part. To be rude to "Central" move from fire, and when cool, stir in an ounce of raspberry jelly (or strainting the signs are very dainty. The backbecause she cannot protect herself

The most interesting piece of lace made by the girls of the Industrial Home—and there are many—is copied from an altar cloth used by Pope Lee Walnut Roll. from an altar cloth used by Pope Leo XIII, the sample being sent here by a Sister in Rome to the Kalihi Home. It is of exquisite design and the work-manship is worthy of special note. The girls also are taught to weave, however, and the white of one goand a little water, and sample here and baskets. The latter, suitable for waste paper recentrales, are particularly attractive. The raticularly attractive. The ragic carried loom, the only one known teep state in the Territory, is kept loosy these days many orders having being sent here by Ald did you know that you could be a substituted for meast, tells how to they have not, of course, the same they have not did you know that you could walnuts, and two ounces of Brazii uiage the becomingness of a veil by walnuts, and the work-namship is worthy of special note. The ratic for the extractive in they have not, of course, the same they have ounces of Brazii uiage the becomingness of a veil by walnuts, and the work-namship is worthy of special note.
